

1st INTERNATIONAL CANCER SCIENCE CONGRESS 2023

“Personalized cancer care: from omics technologies to complementary medicine”

AWARDS

To promote excellence in Cancer Research in the World, ICSC has initiated a scheme of Awards for outstanding research contributions from young investigators.

Students, PhD students, Postdoctoral Fellows and young investigators are encouraged to submit their applications (see eligibility criteria).

A Certificate of Appreciation will be given to all the participants.

Selection Criteria:

- Research Work: the originality and quality of research.
- Presentation: the presenter's quality of communication (ability to convey the research and its results to the audience; keeping in time).

Selection and Announcement of Awards:

The selection of proposals will be done by the Conference Organizing Committee of academic representatives.

The announcement and Award distribution will be done at the closing ceremony of the conference.

The presentation of the Awards will be done by the Conference Chair and Award Committee Chair.

“Best Oral/Short Communication” Award

Oral or Short Communication replaces Poster presentation.

Three Best Oral Communications and **three** Best Short Communications will be awarded.

The aim of these **Awards** is to promote the active involvement of young researchers in the Cancer field.

Eligibility: Master Students, PhD Students, Post-Doctoral fellow (max 5 years post-graduation); age: < 35 years old

Selection criteria: quality of experimental data; clarity of presentation; being in time.

Benefits:

- Diploma
- Voucher for waived registration fee for the next Conference.

Application:

Submit (i) the abstract; (ii) the CV with photo (self-declare the age). Submit all documents before the deadline through Online Abstract Submission System.

CIB FELLOWSHIPS

Two free-registration for CIB-associated PhD from Consorzio Interuniversitario per le Biotecnologie (CIB) are available for PhD students affiliated with CIB Units. Please, indicate in the abstract if you apply for this fellowship.

“Distinguished Young Cancer Investigator” Award

The aim of this Award is to distinguish young scientists of extraordinary promise and creativity who have made notable contributions in Basic, Translational and/or Clinical research in any Cancer field (Diagnosis, Therapy, cellular/molecular pathogenesis, and characterization). This is a unique opportunity to the young scientists to show their talent and potential to an academic and industrial audience.

TWO AWARDS: one for Basic/Translational Research and one for Translational/Clinical Research presented as **invited Oral Communication**.

Eligibility:

- Only **Young experienced investigators** (Post-Doctoral fellows with a minimum of 2 and a maximum of 10 years of post-graduated experience); age: < **40 years** old.

Benefits:

- Diploma
- Voucher for 50% discounted registration fee for the next Conference.
- An opportunity to showcase your research in a global platform through oral presentations.
- Interaction with other young investigators and established senior investigators across the globe.

Application:

Submit (i) the abstract; (ii) the recommendation letter from the Mentor/PI; (iii) the CV with photo (self-declare the age).

Submit all documents through Online Abstract Submission System.
